I am Aruna Sarawgi, practising Rehabilitation Psychologist. i deal with all kinds of cases like Intellectually disabled, autistic, learning disabled, emotionally unstable, ADHD, Depression, Anxiety, Oppositional Defiant Disorder and likewise.

I had attended a workshop on Play therapy at Delhi a few years back and I also happen to do a special needs coordinator course which acquainted me more towards play therapy. I have used some of its techniques in couple of my sessions which helped me a lot to know more about my client.
