Ages catered for: Children and Adults of all age group.

Services offered:

Assessment, Diagnosis and Rehabilitation of Speech, Language, Hearing and Swallowing related issues. Speech therapy sessions are provided for the same. I provide both individual and group therapy sessions. I cater for individuals with communication disorders pertaining to their special needs, trauma (physical), social skills, behavioral issues, Neurodegenerative conditions, congenital and acquired conditions.

Personal Profile:

Passionate Speech Language Pathologist and believes a lot on Child centered approaches. I see a lot of young children with communication disorders in my work place. The principles of Play therapy will be applied in all the possible manners to make learning a joyful experience to the child. From my experience with children with communication disorders, taking the child's lead while doing the

activities makes a thorough difference in their learning. The principles of play therapy will be essentially utilized to increase the child's engagement in an activity and the focus will be on overall skill development of the child.
