Personal Profile:

Our Milestones developmental centre is an rehabilitation unit which works with a team of competent Paediatrician, Clinical psychologist, speech therapist, special educator, occupational therapist for all childhood developmental delays.We do assessments for all developmental delay and therapies for the same.We provide play as an effective tool for all development and behaviour issues .We also are clear about our ideas and educate parents as much so that they can continue providing therapy at home for effective results ..Play therapy is the core for effective communication in kids and we provide them maximum opportunity in an favourable environment to express the self without any inhibition..

As a paediatrician in addition to play therapy we also evaluate the development of child using standard method specifically neonates with high risk factors and follow up using them to grade the improvement and also provide help in medical issues ...
