Individual as well as group for children with Autism, Learning Disability and Intellectual disability. I use the services for social skills, cognitive development, problem solving and behavior issues too

**Personal Profile:**

I am a parent as well as a professional working in this field since 2011. My son Kartik, 14 years old is the inspiration behind my interest in Play Therapy. After finishing my course I worked for 4 years in a clinic in Noida (Hearing Point). I set up their early intervention centre and play therapy was always an integral part of our therapies, be it speech, O.T. or Special Education. I have recently started writing blogs in the field of special education and how i Used play was one of the first topic I wrote about. Currently I am the Vice Principal of Orane Kids, a special school for children with Autism and Intellectual Disability.
