**Details of any other relevant qualifications/courses taken in the field:**

**Currently undergoing supervision in current practice:** Yes

**Ages catered for:** Birth – 3 years

**Services offered:** Group and Individual sessions.

**Personal Profile:**

I believe Occupational Therapy is applicable for all children. I have studied Psychology, Fitness and Nutrition to give a holistic approach to my caregivers. Parents need support in their transition phase and children have the first 1000 days as sensitive period to develop. I would want to use my knowledge to optimize Development and pick up/educate on early signs of deviancy, if any.
