Services offered:

"The Homecoming" is an initiative to address the developing needs of children channelizing their energies to the fullest by means of holistic education. It focuses on using the tried and tested techniques of Play & Games, Music & Movement, Art & Craft, Storytelling, Yoga and Meditation to enhance one's positive Physical Intellectual, Emotional and Spiritual health and contribute to complete holistic well being.

We conduct Holistic Workshops for mostly for children and sometimes for adults too. We usually do this in the gated communities, schools and pvt institutions. We also Conduct Online Workshops and since its online, anybody from all over the world can join us. Refer our Website www.thehomecoming.org and Facebook Page: www.facebook.com/dhomecoming for more details.

Personal Profile:

I am an IT Grad and Part Time entrepreneur with a passion for Health and Holistic Well-being.

I am Founder for "The Homecoming" India where we now have an awesome team with some of the best and most passionate play, creative art therapists, practitioners, music/dance artists and yoga experts in the region. We are building a holistic well-being "Satsang" services for children and adults for the emotional and spiritual upliftment of mankind!

I strongly believe in social businesses and in having a positive impact on society through well-being, aligned with our vision at "The Homecoming" to "Harness the power of holistic services for the greater Good!"

I am also a passionate book reader, traveler, gym and sports person, and more importantly a person on his journey of Sadhana!
