**Services offered:**

We have Child Development and Guidance Center, there we provide services like assessment and management of children with special needs, ADHD, Autism, academic issues, learning disabilities, behavioral problems, emotional problems. We do all assessment using standardized and revised test. Also we provide services like Play Therapy, Behavior modification, Cognitive behavior therapy, parent counseling. Individual and group session as per requirements. Individual Counselling and psychotherapis also available for patient with psychological problems like anxiety, depression.

**Personal Profile:**

While working with kids I always tend to use play therapy. It is most helpful to me to know the child. And be there when he is finding solutions to his problem.
