**Personal Profile:**

Experienced Speech Therapist with a demonstrated history of working in the medical practice industry. Skilled in Language Disorders, Neurological Disorders, Developmental Disabilities, Hearing Aids, and Audiology. Strong consulting professional with a BASLP focused in Audiology and Speech-Language Pathology from Mumbai, India including simple role-playing activities for imitation and basic awareness of objects in their daily living. Also I include some Movement based activities in my Play Therapy sessions using Squeezy toys, Water play, Sand Play, Sensory bins to identify and express their communication skills through the mode of play. Catering services to all age groups for enabling them to know their environment in a fun frolic way. Also conduct some play pal activities in group sessions where kids have different play based activities based on communication.
