Services offered:

As a Certified Therapeutic Play Practitioner, I offer both individual and group sessions tailored to the unique needs of each client. My approach integrates play and creative arts, especially visual art, as powerful tools for emotional expression, healing, and personal growth. I create a safe and supportive environment where children, adolescents, and families can explore their inner world and work through challenges in a non-threatening, developmentally appropriate way.

Personal Profile:

I am a Certified Therapeutic Play Practitioner with a background in art and a deep passion for supporting children and families. I use play and creative arts—like drawing, storytelling, and role-play—as tools to help children express their feelings, build self-esteem, and work through challenges.

I offer individual and group sessions in a safe, nurturing space. My approach is child-led and gentle, allowing each child to explore at their own pace.

Through play and connection, I aim to help children feel seen, heard, and empowered to grow and heal.
