**Details of any other relevant qualifications/courses taken in the field:**

**Currently undergoing supervision in current practice:** No

**Ages catered for:** Children 2 years and up

**Services offered:**

Play Therapy individual and group sessions for children with special needs

**Personal Profile:**

I am a Paediatric Physiotherapist by profession, I practice using various techniques like NDT, Sensory Integration and now in addition is Play Therapy. Play is one of the most useful strategies in therapy involving children as it can be used as a means to understand and respect the child. Each child is unique and each child plays differently. In all my therapy sessions I am sure to have some time dedicated to allow the child to explore with Play.
